

No Children

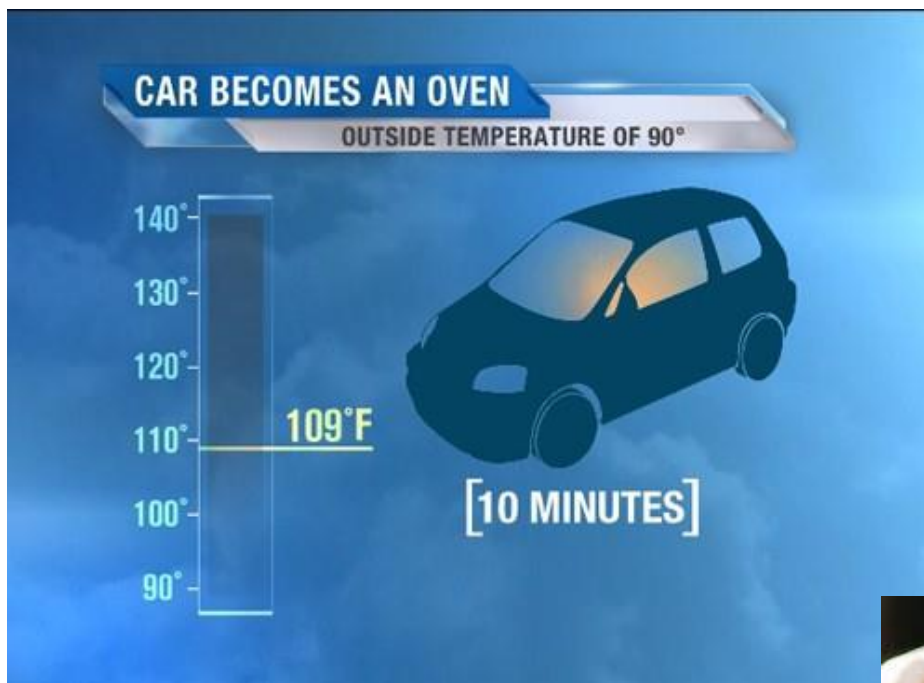

Left in Cars

The Timber Mesa Fire and Medical District wants to remind the public to never leave a child alone in a car, not even for a minute. Always make sure your car is locked when you're not in it so that children don't get in on their own.

The temperature inside a car can increase significantly in a short period of time.

Create reminders for yourself by putting something in the back of your car next to your child such as a briefcase, a purse or a cell phone that is needed at your final destination. This is especially important if you're not following your normal routine.

Take action. If you see a child alone in a car, call 911.

Timber Mesa Fire and Medical District personnel want you to call.

We are trained to respond to these situations. One call could save a life.

Always remember to check your vehicle before you walk away. The life of someone you love can depend on it.

The Timber Mesa Fire and Medical District hopes the information in this flyer will help keep you and your family safe. Please remember that fire prevention is your best course of action. We encourage you to learn more about fire and life safety by visiting our website at www.timbermesafire.org
